2.6 Shipments not complying with the terms and conditions

PostNord is not obliged to distribute goods that do not comply with these terms. PostNord reserves the right to deal with any such goods in a manner other than in accordance with these special terms and conditions. Any additional costs that may result from this will be charged to the Customer.

3 PRICES

3.1 Chargeable weight

Freight price is calculated in accordance with the chargeable weight, i.e. the actual weight or the volume-calculated weight, whichever is greater.

PostNord reserves the right to correct the chargeable weight, if the chargeable weight provided by the customer is established to be inaccurate.

In case of private receiver, additional Home delivery surcharge will be added according to extra fees and services price list.

- PostNord Parcel

3.2 Volume weight

The volume weight is calculated by multiplying the shipment's total volume (expressed in cubic meters) by 280 kg.

4 CONTENT

PostNord does not accept distribution of a PARCEL if the packaging, contents, transport or storage hereof violates any legislation or requires special measures

4.1 Dangerous goods

PARCEL may contain only limited quantities (LQ) of dangerous goods if applicable for the specific service, please see section 12. Additional services. LQ-shipments must be packed according to ADR regulations.

4.2 Prohibited contents

The following items and substances may not be sent in PARCELS:

- valuable items with a value exceeding 520 EUR per package, such as precious metals, jewels, precious stones, real pearls, furs, carpets, watches, works of art, antiques and admission tickets
- money and comparable means of payment or certificates of value
- human remains, funeral urns, body parts and organs are also prohibited, as are dead or living animals
- live plants and soil
- weapons, weapon parts and ammunition according to Firearms Act
- parcels whose contents, external appearance or shipment are against the law, e.g. illegal narcotics/drugs and counterfeit products
- products which, due to their odor or other characteristics, cannot be carried in the same load space as other shipments.

Sending following items and substances require a special agreement with PostNord:

- infectious substances belonging to category A (UN 2814, UN 2900)
- tobacco, alcoholic beverages and drugs
- replicas of weapons and ammunition
- perishables or goods that need to be chilled or heated to temperatures other than normal transportation conditions
- tyres for motorized vehicles.

Goods transported by air must not contain anything which is in violation of regulations issued by IATA (International Air Transport Association) / ICAO (International Civil Aviation Organization) restriction. The Sender is responsible for that the shipment contents do not infringe these rules and regulations.

4.3 Highest permitted value

PARCELS may not contain items with a value which exceeds EUR 13.000 per parcel.

4.4 Liability

The Customer is responsible for ensuring that the contents of the PARCEL comply with the export and

import regulations of the country of departure and destination.

PostNord does not assume any liability for a PARCEL which contains dangerous or prohibited contents in contravention of the provisions set forth in section 4 above, or for goods the value of which exceeds the highest permissible value in accordance with section 4.3.

5 EDI AND LABELLING

5.1 Electronic pre-notification of PARCELS

PostNord shall be notified in advance for each shipment by one of the following methods:

- by registering as a user of PostNord customer portal and using the Online Shipping Tool to prepare shipments
- by using another PostNord approved transport management system
- by sending a pre alert via a PostNord approved API interface.

Should PostNord not receive the above-mentioned pre alert in time, or should it be inaccurate or incomplete, an additional fee will be charged to the Customer according to PostNord's price list applicable from time to time.

PostNord is under no obligation to transport shipments for which no pre alert has been provided.

5.2 The Customer's undertakings (Paragraphs 5.2 - 5.4 do not apply for customers using Online Shipping Tool)

The Customer undertakes to:

- send PostNord a pre-alert of shipments prior to submitting them to PostNord for transport
- give accurate information in an agreed file format (e.g. correct destination postal codes, codes for additional services, etc.)
- ensure that the information in the file corresponds to the shipment
- submit the parcels mentioned in the pre-alerts to PostNord within 60 days of submitting the information.

5.3 Liability and obligations

The parties shall take measures to ensure that:

- EDI transmissions are accurate, complete and secure
- EDI messages are accurate and complete
- PostNord API is available to receive electronic pre-notification

If the information in a shipping document differs from the information in an EDI message, the information in the EDI message shall apply.

5.4 Engaging agents

The parties are responsible, without restrictions, for agents which they engage in order to send and receive EDI transfers.

6 PACKAGING

6.1 Packaging

The packaging must be suited to the content, protect the content well and withstand normal transport handling. In the event of a complaint regarding damage, the original packaging shall be saved.

More information on packaging can be found on our website: www.postnord.fi.

6.2 Marking

An address label filled in according to PostNord's instructions must be attached to each PARCEL.

When sending parcels over 10 kg to or from Germany, there must be an indication of a heavy parcel in the address label.

When sending parcels over 20kg to Sweden there needs to be labels indicating of a heavy parcel and add-on Heavy needs to be in the EDI.

6.3 Addressing

The recipient's delivery address must be provided in a correct form and in a manner that can be understood in the destination country. The ISO country code must be entered before the postcode (not for domestic deliveries).

The recipient's delivery address is mandatory. The delivery address refers to a street address, post code and location, not a post office box number. If a PARCEL is addressed to a private person, mobile phone number or e-mail address is also mandatory.

7 CUSTOMS CLEARANCE

PARCELS to non-EU countries require, in addition to transport documents, a signed commercial invoice in English in triplicate. A commercial invoice shall include the information of all PARCELS contained in the shipment. A pro forma invoice is only allowed with gifts or samples. In preferential procedures (tariff reduction), the destination country's requirement for original certificates shall be applied, e.g. EUR.1 or declaration of origin on the commercial invoice.

If the customs clearance includes several PARCELS addressed to different consignees, a joint invoice and/or a shipping list which includes parcel label numbers and delivery addresses shall be used.

For PostNord Service Point, Parcel Locker and MyPack -services to Norway the commercial invoice shall be assigned to a recipient company who is registered as liable for VAT and is also a registered credit Customer of Norwegian Customs. The basic price for export customs clearance (up to 3 items) is included in PostNord Service Point, Parcel Locker and MyPack Collect freight price to Norway. This requires that at least 20 parcels are included in the same commercial invoice.

PostNord shall charge for customs clearances according to the valid Extra fee / -service price list.

The customer is responsible for any additional costs arising from importing goods into a destination country.

Please see www.postnord.fi for further information on customs clearance procedures.

8 SHIPPING

8.1 Dropp off to a Service Point or Parcel Locker

When dropping the parcel off to a Service Point or Parcel locker, it is the customer's responsibility to ensure that a correct address label is attached to the parcel. If there is no correct address label, PostNord has no obligation to handle the shipment item.

Parcels can be sent from all PostNord Service Points and Parcel Lockers.

- PostNord Home
- PostNord Service Point
- PostNord Parcel Locker
- PostNord Return Dropp Off
- PostNord MyPack Collect

8.2 Pick-up from customer address

Customer can order an Ad-hoc pick-up, where PostNord does a one-time pick-up. Where the Customer has goods on a regular basis, PostNord and the Customer may enter into agreement regarding fixed collection times. According to the customer agreement, PostNord reserves the right to charge a fee in certain cases such as a separate pick-up fee or if the agreed or booked pick-up is not canceled within a reasonable period of time.

It is the customer's responsibility to ensure that a correct address label is attached to the parcel.

It is the customer's responsibility to ensure that the road leading to the loading end and the loading site are in such a condition that they can withstand the weight of the delivery truck and the loading of the load. The road must be in good condition regardless of the weather, e.g. sanded and plowed in winter, and there must be unobstructed access to the unloading site. Pick-up takes place from street level or from the loading dock. The pick-up takes place on street level or on loading platform.

PostNord is not responsible for any damage caused by the condition of the road or unloading site that does not comply with the conditions.

8.3 Capacity Surcharge

During certain periods, e.g. when goods volumes are higher or transport capacity is limited, a Capacity Surcharge will be charged. The time periods and additional fee are shown in PostNord's current price list.

9 DELIVERY

9.1 Delivery time and place

It is the responsibility of the customer to make sure that the road to loading/unloading place is good enough order for the driver to access regardless of weather conditions. PostNord is not responsible for possible damages if the condition of the road or loading/unloading place is not according to these terms and conditions.

PostNord Parcel is delivered to the recipient's address provided that the recipient is a company. Shipments addressed to a private person may be delivered to a service point, and an additional fee may be charged according to PostNord's current price list.

If a PARCEL is delivered to a security-classified area in an airport or port, the sender must have a 'known consignor' status. The shipment must be marked as originating from a known consignor.

PostNord Home is delivered to the recipient's door at the agreed time in accordance with section 3 (Flex Change). In Sweden, MyPack Home parcels weighing more than 20 kg are delivered at street level/at the border of the plot.

The service includes one delivery attempt. If that is not successful, the parcel will be delivered to a PostNord pick-up point.

PostNord Service Point, PostNord Parcel Locker and PostNord MyPack Collect is delivered to a selected PostNord pick-up point. If a delivery to the selected pick-up point is not possible, PostNord redirects the parcel to a substitute pick-up point. The recipient can pick up the shipment from PostNord pick-up point after being notified as described in section 12.

PostNord Return is a service from a private sender to a business recipient. It is sent from a service point to recipient's address in Finland.

9.2 Delivery time

The standard delivery times of PostNord are available at www.postnord.fi under "Calculate Delivery time". PARCELS will be delivered without delivery time guarantee.

9.3 Handing over the shipment

PARCEL is delivered against receipt. 'Receipt' means that the recipient signs a physical or an electronic note. The receiver does not have to be the declared recipient in person.

From a parcel locker the delivery is performed either with PostNord mobile application or with the PIN code included in the notification, depending on the type of parcel locker.

A PARCEL can also be handed over against a PIN code from a service point. In case a PIN code is unavailable, the PARCEL can be handed over to the recipient / recipient's agent against shipment delivery notification or shipment number after identity verification.

At Norwegian pick-up points, the parcel is handed over to the person submitting a PIN-code sent via notification and verification of identity.

The use of a digital key or the correct PIN is considered equal to a signature.

Delivery can be made without receipt in accordance with the Additional service "Delivery without POD (proof of delivery)" if such is available for the service in question, or if the recipient and PostNord have agreed on this in writing.

9.4 Returns

Undelivered PARCEL is returned at Customer's expense after 7 days storage time.

In order to enable the recipient to return a delivered shipment the Customer shall provide a PostNord Return parcel label. PostNord shall not be held liable for customer returns, should the proper return parcel label be missing. The recipient is responsible for dropping the parcel off to a service point or parcel locker.

The sender of the return must make sure that all other address labels are covered

In case the parcel is returned by dropping it off to a PostNord parcel locker, the sender of the return parcel is responsible for making sure that the door of the parcel locker is closed properly.

10 NOTIFICATION

Notification by SMS / e-mail

Notification for a PostNord Service Point and Parcel Locker -parcel is sent either by SMS or e-mail, depending on the practice of the destination country. In case the receiver has downloaded PostNord mobile application, the notification will be sent to the application instead of SMS. These notifications are included free-of-charge in the service. PostNord creates the notifications based on the information given by the consignor in the electronic message (please see section 5. EDI). The notification is sent to the recipient on the day the shipment arrives at the pick-up point, and it contains information about the last possible pick-up day.
